We are a company that believes in fostering the potential youth of South Africa from local communities.

We are honoured to be part of the Jojo tank initiative throughout the schools in Tongaat. In conjunction with LinkLayer, we want to empower the youth of Tongaat by providing free fibre connections for the schools in Tongaat, by giving our youth the ability to become their own heroes.

Our passion is to provide connectivity to our heroes with the experience of happiness through the only high energy fully youth-based ISP. iHappifyFibre is opening doors in the job market for local youth in Tongaat.

Fun fact iHappifyFibre's Chairman, David Jonathan Padayachee, is a homegrown hero of Tongaat who has empowered thousands of youths lives. One of his biggest ventures in life is giving back to his community.

iHappifyFibre is not your average ISP. We are part of this community. Giving back and providing opportunities for the youth of South Africa is our ultimate goal.
